ACTION UPDATE/ACTION ALERT

DATE: June 26, 2020

ACTION UPDATE/ACTION ALERT TITLE:

THE "GEORGE FLOYD JUSTICE IN POLICING ACT OF 2020" PASSES THE US HOUSE ON 6/25/2020 BY A VOTE OF 236-181

URGE YOUR US SENATORS TO SUPPORT COMPREHENSIVE POLICING REFORMS THAT ARE INCLUDED IN THE "GEORGE FLOYD JUSTICE IN POLICING ACT OF 2020"

THE ISSUE:

In the evening of June 25, 2020, the U.S. House of Representative strongly supported H.R. 7120, the "*George Floyd Justice in Policing Act*." This comprehensive bill passed by a margin of 236 yeas to 181 nays and has been sent to the US Senate for consideration.

Among other things, the legislation holds all law enforcement officials accountable for their actions, ends "qualified immunity" for police officers, ends racial and religious profiling, empowers our communities, establishes uniform policies for the use of force, mandates data collection on police encounters, bans chokeholds and "no knock" warrants, limits military equipment on American streets, requires body-worn cameras and classifies lynching as a hate crime, therefore making it open to Federal resources for investigations and prosecutions.

Senator Tim Scott (SC) has, on behalf of himself and the current Senate leadership, introduced the "*Justice Act*," which he says is an alternative to the "*George Floyd Justice in Policing Act*," and President Trump issued an Executive Order on June 16, 2020 which he said took "unprecedented steps to strengthen relations between law enforcement and their communities." The NAACP finds both Senator Scott's bill and President Trump's Executive Order to be lacking. Fortunately the US Senate defeated consideration of Senator Scott's bill on a procedural vote 6/24/2020.

Comprehensive policing reform is necessary in our nation today. We must urge all of our US Senators to support the strong provisions in HR 7120 the "*George Floyd Justice in Policing Act*" and enact them into federal law sooner rather than later. We shouldn't have to wait for law enforcement bias and murders to end.

See how every House member voted at the end of this Action Update/Action Alert

THE MESSAGE

- We need comprehensive actions and new policies to stop police misconduct and unnecessary law enforcement brutality and murder that is too often focused on African American communities and others;
- We must have policies which hold law enforcement officers accountable for their behavior towards all of the communities they are sworn to protect and serve;
- In order to build the necessary trust between law enforcement officers and communities, which is so vital, we must establish comprehensive, uniform policies and procedures to provide guidance and accountability to protect all Americans;
- While the "*George Floyd Justice in Policing Act*" will not resolve all of our nation's policing problems, it is a very necessary first step.

The Honorable _____
United States Senate
Washington, D.C. 20510

RE: THE DIRE NEED FOR COMPREHENSIVE POLICE REFORM

Dear Senator _____

As your constituent, I strongly urge you to do all you can to enact comprehensive and effective police reform. Specifically, I support the "*George Floyd Justice in Policing Act*," H.R. 7120 as passed by the U.S. House of Representatives. This legislation will go a far way in the much-needed reformation of policing practices in our communities. Although by itself it will not resolve all of our problems, it is an integral, and necessary, piece of the puzzle. The United States of America needs to start somewhere, and the enactment of the policies in the "*George Floyd Justice in Policing Act*" are compressive, inspired, and a necessary step that we as a nation must take.

Extensive, inexcusable police misconduct, brutality, and murder often against unarmed Africans Americans and others have plagued our communities for too long. We need legislation that holds all law enforcement officials accountable for their actions; ends "qualified immunity" for police officers; empowers our communities; establishes uniform policies for the use of force; mandates data collection on police encounters; ends racial and religious profiling; bans chokeholds and "no knock" warrants; limits military equipment on American streets; requires body-worn cameras; and classifies lynching as a hate crime, therefore making it open to Federal resources for investigations and prosecutions.

In the name of basic morality and in the memory of all who have needlessly suffered, and died, please support the "*George Floyd Justice in Policing Act*". I look forward to hearing back from you soon on where you stand on this problem, and what more I can do to help you combat it.

Sincerely,

(sign and print your name and remember to include your address)
